

Building an Interdisciplinary Network: The Forum on Health, Environment and Development

Wang Wuyi¹ and Jennifer Holdaway²

¹Institute of Geographic Sciences and Natural Resources Research, Chinese Academy of Sciences

²FORHEAD, SSRC

This short presentation will introduce the Forum on Health, Environment and Development, as a preface to individual presentations by the two co-Directors from their perspectives as natural and social scientists. It will explain the rationale for FORHEAD, its development and the mechanisms through which it works.
