# RESEARCH INSTITUTE FOR HUMANITY AND NATURE

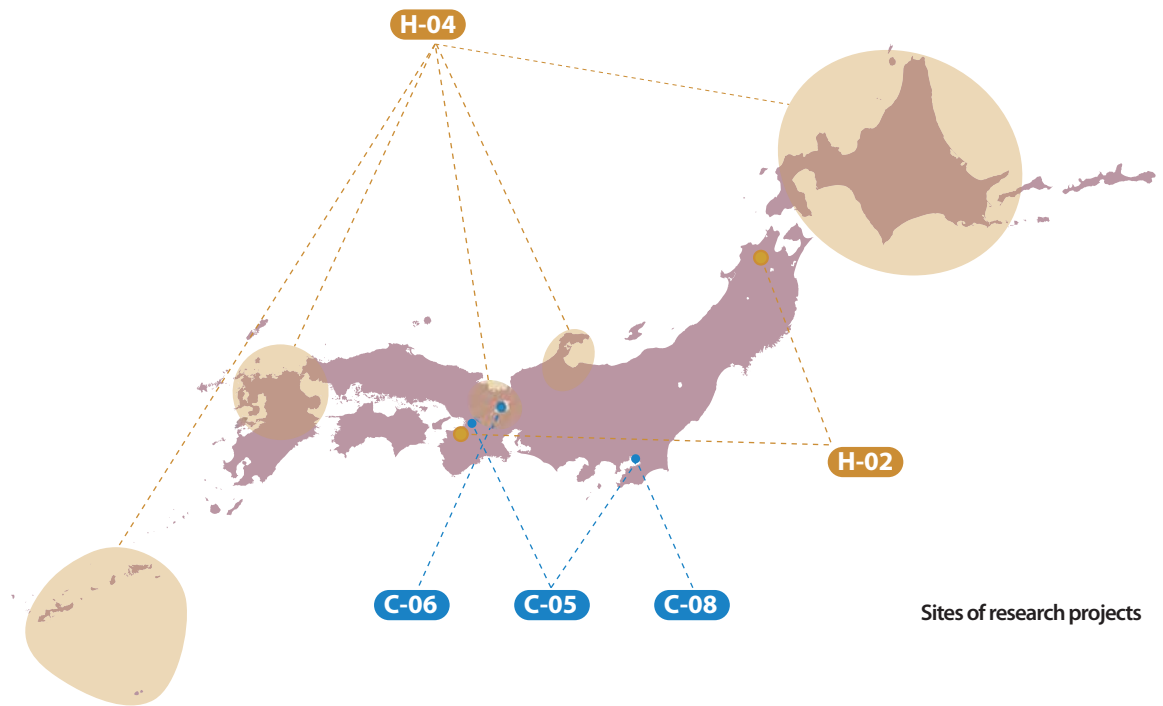

*2010-2011 PROSPECTUS*

CONTENTS

Message from the Director-General	2
Features of RIHN	3
Mission and Goals: Developing Consilience	4
Research Project Structure in the Second Phase	6
Completed Research	7
The Center for Coordination, Promotion and Communication (CCPC)	8
Science Communication	57
The RIHN Initiative for Chinese Environmental Issues (RIHN-China)	58
Research Collaboration	59
Research Facilities at RIHN	60
Organization	62
Access	

## ● Circulation

<b>C-04</b>	Human Activities in Northeastern Asia and their Impact on Biological Productivity in the North Pacific Ocean	SHIRAIWA Takayuki	11
<b>C-05</b>	Human Impacts on Urban Subsurface Environments	TANIGUCHI Makoto	12
<b>C-06</b>	Effects of Environmental Change on the Interactions between Pathogens and Humans	KAWABATA Zen'ichiro	14
<b>C-07</b>	Global Warming and the Human-Nature Dimension in Siberia	INOUE Gen	16
<b>C-08</b>	Megacities and the Global Environment	MURAMATSU Shin	18

## ● Diversity

<b>D-02</b>	A New Cultural and Historical Exploration into Human-Nature Relationships in the Japanese Archipelago	YUMOTO Takakazu	22
<b>D-03</b>	Human Life, Aging and Disease in High-Altitude Environments	OKUMIYA Kiyohito	24
<b>D-04</b>	Collapse and Restoration of Ecosystem Networks with Human Activity	YAMAMURA Norio	26

## ● Resources

<b>R-03</b>	Historical Interactions between Multi-Cultural Societies and the Natural Environment in a Semi-Arid Region in Central Eurasia	KUBOTA Jumpei	30
<b>R-04</b>	Environmental Change and Infectious Disease in Tropical Asia	MOJI Kazuhiko	32
<b>R-05</b>	A Study of Human Subsistence Ecosystems in Arab Societies	NAWATA Hiroshi	34

## ● Ecohistory

<b>H-02</b>	Agriculture and Environment Interactions in Eurasia: Past, Present and Future	SATO Yo-ichiro	38
<b>H-03</b>	Environmental Change and the Indus Civilization	OSADA Toshiki	40
<b>H-04</b>	Neolithisation and Modernisation: Landscape History on East Asian Inland Seas	UCHIYAMA Junzo	42

## ● Ecosophy

<b>E-02</b>	Interaction between Environmental Quality of the Watershed and Environmental Consciousness	SEKINO Tatsuki	46
<b>E-03</b>	Interactions between Natural Environment and Human Social Systems in Subtropical Islands	TAKASO Tokushiro	47
<b>E-04</b>	Vulnerability and Resilience of Social-Ecological Systems	UMETSU Chieko	48

## Feasibility Study (As of April 15<sup>th</sup>, 2010)

<b>FS</b>	Coastal Area Capability in Southeast Asia	ISHIKAWA Satoshi	50
<b>FS</b>	The Effect of Local Governance on Incentive Programs for Forest Ecosystem Service Conservation	OKUDA Toshinori	51
<b>FS</b>	Managing Environmental Risks to Food and Health Security in Asian Watersheds	KADA Ryohei	52
<b>FS</b>	Desertification, Local Husbandry and Livelihoods in Sub-Saharan Africa	TANAKA Ueru	53
<b>FS</b>	The Hydrological Cycle and Water Problems in the Changjiang River Basin: Human-Nature Interaction in a Transforming China	TANAKA Hiroki	54
<b>FS</b>	Atmospheric Methane and Agriculture in Monsoon Asia	HAYASHIDA Sachiko	55
<b>FS</b>	Green Earth: Plant, Human and Earth Interactions	FUKUI Kiichi	56
