

Penultimate year FR evaluation

| | |
|---|---|
| Title of the Project | Agriculture and environment interactions in Eurasia, Past, Present and Future—A ten-thousand-year history |
| Project Leader | SATO Yo-Ichiro |
| General advice and comments of PEC: PEC is impressed with the research conducted, results obtained, and specific materials published and now wishes the project leader to concentrate on synthesizing the findings of the different groups into a more general theory of agricultural and environmental change. | |
