

“Sharing Lessons from Europe: Land Use and Climate Resilience”

Dr. Rares Halbac-Cotoara-Zamfir and **Ms. Cristina Halbac-Cotoara-Zamfir**, together they have played key roles in major European research and innovation initiatives, including the EU Horizon Europe project **LAND4CLIMATE**. This seminar will introduce their joint research and recent European experiences, while exploring points of convergence with Japan's approaches to multifunctional landscapes, flood and water management, and climate resilience, and discussing opportunities for future international collaboration and applied research partnerships.

Program

15:00

Purpose of the Seminar

Mikitaro Shobayashi (RIHN)

15:05

“Sharing Lessons from Europe:
Land Use and Climate Resilience”

Dr. Rares Halbac-Cotoara-Zamfir

Ms. Christina Halbac-Cotoara-Zamfir

15:50

Discussion

16:30

Closing Remarks

Mikitaro Shobayashi (RIHN)

2.16 Mon

15:00-16:30

RIHN Seminar Room 1&2 (On-site)
and Online

Speakers

Dr. Rares Halbac-Cotoara-Zamfir

Associate Professor at Politehnica University
Timișoara, Romania, and Director of the Support
Center for Climate Actions (SCCA)

Ms. Cristina Halbac-Cotoara-Zamfir

Psychologist and research collaborator actively
involved in several interdisciplinary projects
